1. Executive Summary

During the pre-launch review call, **Dr. Samhitha Moturi** (Director, Prashanth Fertility & Organising Secretary) and the Client Lead evaluated the updated staging site. While core sections (Dates, Countdown, Chairperson Message, Highlights, Speakers, and the 5-Step Registration Form) were formally approved, urgent rectifications were mandated for the Hero title order, mobile header responsiveness, committee member photo-to-name mapping, and background color palette before pushing the website live today.

2. Hero Section Hierarchy & Logo Restructuring

Figure 1: Mandated Center Hero Structural Reordering & Deduplication

3. Logo Assets & Mobile/Tablet Header Truncation Fix

- **Three Official Logos Required:** Place the official **CIIM 2026 Logo**, the updated **Prashanth Fertility Logo**, and the **TAPISAR Logo** (shared by Sundaram G in the WhatsApp group). The site cannot launch without the TAPISAR logo.
- **Mobile & Tablet Navbar Cutoff Bug:** In the top-left header corner, opening the site on a **Mobile phone** displays only *"Prashanth"*, while opening on a **Tablet** displays only *"Prashanth Fertility"*. Fix the responsive container widths so both **Prashanth Fertility & TAPISAR** remain fully visible across all devices.
- **Center Hero Prominence:** Elevate the font size of *"Prashanth Fertility in association with TAPISAR"* in the center hero to match the scale of *"CIIM 2026"*, place it first, and delete the repeated TAPISAR line underneath CIIM 2026.

4. Committee Roster Overhaul & Brand Color Theme

A. Committee Names, Photos & Order

• **Critical Mismatch:** In the Organising and Scientific Committee sections, doctors' names and photographs are mismatched and swapped.
• **Spelling & Sequence Errors:** Multiple doctors' names contain spelling mistakes and the display hierarchy order is incorrect.
• **Action Required:** Dr. Samhitha is sending the corrected master roster (coordinated with Dr. Yashwanth). Satish & team must re-map every photo, fix all typos, and enforce the exact sequence.

B. Pink Theme & Backdrop Reference

• **Current Issue:** Client noted the website background still looks too dark and dull, and the requested pink color update was not yet applied.
• **Reference Shared:** Dr. Samhitha posted a reference color palette and backdrop design in the WhatsApp group (*"can you do it in these colors"*).
• **Action Required:** Rework the site backdrop and theme accents to match Dr. Samhitha's exact reference image.

5. Registration Form & Section Sign-Off Status

• **PG Student Medical Registration Number Verified:** The Client Lead asked whether PG Students hold a registration number for Step 2 of the form. Dr. Samhitha confirmed that **all PG students possess a valid MBBS Medical Council Registration Number**. Therefore, the registration form requires **NO changes** and is 100% approved.
• **Approved Website Modules:** Event Dates, Countdown Timer, Register Now & Share CTAs, Chairperson's Welcome Talk, Conference Highlights, and Expected Speakers were all reviewed and approved by Dr. Samhitha.
• **Scientific Brochure:** Dr. Samhitha will perform a second review of the scientific agenda/brochure and message the group if minor text edits arise.

6. Immediate Action Matrix for Today's Live Launch

#	Module / Section	Required Correction	Owner	Status
